

THIRD PARTY LIABILITY SOLUTION

EFFECTIVE THIRD PARTY CLAIMS RECOVERY

Third party liability claims can be the most time-consuming and challenging accounts, often involving complex legal issues. An effective support network can streamline the repayment process, thus increasing reimbursement rates. Determining which accounts are most likely to be reimbursed by third party insurers is essential to maximizing efficiencies and yielding increased revenue.

Partner with Bolder

Bolder Healthcare is a leader in the coordination of third party liability accounts and resolution of complex workers' compensation accounts. When you partner with us, a customizable solution is built to meet your organization's specific needs. We process more than \$3 billion in third-party liability accounts annually by serving more than 200 hospital and physician practices in 34 states.

Experts and Technology Together

Highly experienced specialists are blended with our proprietary, decision-tree software to accurately evaluate payment opportunities, route accounts to the proper payer quicker and secure the highest possible amount of payments. This consistent identification and recovery of third party payments saves your facility valuable account receivable days and resources and can significantly increase revenues.
